

Mentor–Team Allocation

HackJos 2025 Mentor–Team Allocation

The success of the **HackJos 2025 Hackathon** depends not only on the creativity of the participants but also on the guidance and expertise of our mentors. Each mentor brings valuable industry experience and technical insight to help teams navigate challenges, refine their ideas and build viable MVPs aligned with the hackathon's core tracks.

The allocation below outlines how mentors have been paired with their respective teams based on expertise, challenge focus and mentorship needs.
