

Hackathon Teams

HackJos 2025 Hackathon Teams

The **HackJos 2025 Hackathon** brings together some of the brightest minds from across Nigeria to collaborate, innovate and build solutions that address real challenges in **E-commerce, Financial Inclusion, Productivity Tools** and **Logistics & Last-mile Delivery**. Each team represents a unique blend of creativity, technical skill and problem-solving passion — united by the shared goal of developing impactful, scalable products within a 48-hour sprint.

The teams listed below have been carefully selected to participate in this year's edition.
